Subject - Re construction of First Stage of drainage works in Kunigal Town

==00==

I have the honor to enclose, herewith, the file of correspondence ending with Kunigal Town Municipal Town President's report No H C 21/45-46 dated 25-9-1945 on the above subject and to state as follows -

The Municipal President, Kunigal, reports that the Sanitary Engineer has requested him to place at the disposal of the department a moiety of the estimated cost i e Rs 6831/- and thereupon the Municipal Council have resolved at their meeting held on 31-8-1945 that half the estimated cost may be placed at the disposal of the Sanitary Department

A provision of Rs 3,000/- was made in the Budget proposals of the Municipality and it was deleted in this office as it was not found necessary then Now the Municipal Council have resolved to place the moiety of estimated charges at the disposal of the Sanitary Department the same being met out of the closing balance of the Municipality

In the above circumstances, I request that sanction of Government may kindly be obtained placing at the disposal of the Sanitary Department, the sum of Rs 3415-8-0 from out of the closing balance of the Municipality

The closing balance of the Municipality is Rs 10,680/- as per sanctioned Budget for 1945-46

I have the honor to be,
sir,

Representation No. 17

Drainage for Kunigal Town

Mr. K. Gundanna (Kunigal Urban)

As the Kunigal Town has become unhealthy for want of a proper drainage system it is prayed that steps be taken to undertake both the first and second stages of the work in the current year itself and a grant be sanctioned for the purpose

This is a representation for a grant to carry out the I and II stages of the drainage work in Kunigal town, in the current year itself, by taking necessary steps

Flag A / Govt have sanctioned a sum of Rs 7,770/- plus 1,654/- i.e Rs 9,424/- for execution of 1st stage of drainage work. The work was not taken on hand, as the tenders quoted for the work were 9 4% higher than the estimated cost. The Md Council, Kunigal, was therefore asked to wait till fresh tenders are called for and disposed of. The connected file is put up for reference

Since the war has closed and the cost of the materials have come down considerably, the question is being pursued now

After completion of the 1st stage, the question of taking up & completing the second stage of the work will be taken, when the Kunigal Md Council submits proposals. The sanctioning of a grant for the II stage of the work may perhaps be considered then, if asked by the Mnthy

This may perhaps be explained and replied that the prayer of the Md Council, when comes up to Govt for a grant will be favourably considered

24/4

Mr. Chief Minister may be accepted in respect of above representation —

An estimate for Rs 13,526-0/- for the first stage of the drainage scheme in the Kunigal Town

1158 21/5

Report No 17 Drainage to Municipal Town

Municipality was sanctioned in the

vide Overside G.O flagged A / G.O. dated 7.7.43, the cost being met by

the Govt. & the Mly in equal proportions

Tenders were invited for the work

The tendered rates were 94% higher

than the estimated rates, owing to the

prices of the materials like cement etc being

very high and. Municipal Engineer was

asked to call for fresh tenders after

some time when the prices of materials will

go down. The C.E. Prov. B will be

requested to state whether it is opportune to start

to work now

the question of taking up the scheme at this

time will be considered after the

work in first stage is completed

THE MYSORE REPRESENTATIVE ASSEMBLY - BUDGET SESSION - MAY-JUNE 19[illegible]

Representation No.17.- By Mr. K.Gundanna (Hunigal - Urban)

Q. No.17: Re: DRAINAGE FOR HUNIGAL TOWN.

SECRETARIAT NOTE:

An estimate for Rs.16,849/- for the First Stage of the Underground Scheme in the Hunigal Town Municipality was sanctioned in the Government Order Dated 7th July 1943, the cost being met by the Government and the Municipality in equal proportions. Tenders were invited for the work. The tenderoi rates were 94% higher than the estimated rates, owing to the prices of the articles, like cement etc., being very high and the Sanitary Engineer was asked to call for fresh tenders after some time, when the prices of materials would go down. The Chief Engineer for Roads and Buildings will be requested to state whether it is opportune to start the work now.

The question of taking up the Second Stage of the Work will be considered after the First Stage is completed.
